INSPECTION  
ARSENAL™

LASER  
ARSENAL™

---

BOYLSTON, Mass. August 15, 2018 – Phillips Precision’s Products Division announces its new Spanner-Vise™ as part of the Inspection Arsenal® LEAN, Quick-Swap inspection fixture system. Not only does Phillips Precision offer the only quick-swap standard fixture systems, but they provide quick, creative fixture design and quick shipping of your orders. Inspection Arsenal® tooling will help optimize your inspection process and uncover hidden profits.

The Spanner-Vise™ is a two-piece vise especially designed for use on Loc-N-Load™ or other inspection fixture plates. Infinitely adjust the distance to accommodate the work piece and lock down securely. Soft jaws are standard with a milled step or can be machined to nest the work piece. Gain height with Inspection Arsenal® stand-offs. Black anodized aluminum. Comes complete with mounting hardware.

Inspection Arsenal® will **protect your company profits** in many ways.

- Enjoy a rapid return on investment
- Inspect more parts per shift
- Create multiple quick-swap setups per CMM
- Move fixtures from one machine to another
- Increase the number of employees who inspect
- Adapt and reuse existing fixtures effortlessly
- Access granite surface easily
- Use CMM palletization features
- Work toward lights-out inspections
- Use as dedicated tooling - add it to your job box
- Ships immediately, as product is ready-made

**Inspection Arsenal®** complements other fixturing you may have and the value makes converting from other techniques very cost effective. Plates with air-glide feature are made to order. Standard Loc-N-Load™ product is ready-made and the company has a same-day shipping policy so an order today can be improving efficiency by tomorrow.

For additional information visit [www.phillips-precision.com](http://www.phillips-precision.com) where you'll find case studies and demo videos on all products that show just how fast and easy Inspection Arsenal® is to use.

**About Phillips Precision, Inc.**

Phillips Precision, Inc. of Boylston, MA is a full-service machine shop and work holding product innovator. Phillips designs, develops and markets work-holding products for manufacturers, in addition to providing custom fixture design services.
